

A. Identification of the Institution and Participant

Name of your institution / country

LIMBE NAUTICAL ARTS AND FISHERIES INSTITUTE
(LINAFI) ,

LIMBE CAMEROON

Your role in the institution (management, instructor, academic coordinator...)

Management (Director)

For how many years has your institution been offering maritime fisheries training?

10 Years

What types of training do you offer? (initial, continuing, specialized, mixed)

Initial and continuous training

B. Current Status of Training Programmes

Are your training programmes based on a national, regional, or international framework?

National and International framework

Are your programmes aligned with IMO (STCW-F) or FAO standards?

Yes

Do you have a quality assurance or accreditation system for your programmes?

Yes

What are the main qualification levels awarded? (certificates, diplomas, licences...)

Diplomas

C. Content, Teaching Methods and Resources

What are the most important subjects/modules taught in your programme?

- Installation mecanique et entretien
- Navigation et peche
- Travaux pratiques des operations de peche

What proportion of your programme is practical training (on board, at sea)?

➤ **Mecanique: Total hours 2040hrs**

- Theory = 1440h (70,5%), practicals= 600h (29,41%)

➤ **Peche: total hours 2010hrs**

- Theory = 1530h (76,1%), practical= 480h (23,88%)

Do you use simulators or technological teaching equipment in your training?

Teaching equipment

What are the main challenges you face regarding qualified teaching staff?

Capacity building

D. Mutual Recognition and Mobility

Are your diplomas or certificates recognized in other African countries?

Yes

Do you have cooperation or recognition agreements with other African maritime training institutions?

Yes

What obstacles do you identify to the mutual recognition of qualifications in the region?

None

E. Expectations and Contributions to the Workshop

In your view, what are the priority areas for harmonizing maritime fisheries training programmes in Africa?

Monitoring, control, surveillance and regional corporation, closed seasons and ecosystem management.

Which elements of your programme would you be willing to share or propose as a basis for a common framework?

Extension of the fishing zone for fishers.

What concrete outcomes do you expect from this harmonization workshop?

Actualization of the resolutions.

Are you willing to actively participate in a thematic working group during the workshop?

Yes

Do you have any specific comments or suggestions to submit before the workshop?

- **Sourcing for donors to provide critical pedagogic equipment to maritime training institutions,**
- **harmonization of short training courses.**

Merci / Thank you
